Vendor Booth Details
Use of a vendor booth on the East Campus Mall at the University of Nebraska – Lincoln’s East Campus is made through an arrangement with the University of Nebraska – Lincoln via the Market Manager. Both street and grass booth locations are available. Contact the Market Manager to discuss vendor spot options.

Booths are approximately 10 feet wide by 10 feet deep with at least a 10-foot space between each vendor to allow for social distancing.

Vendor booths will NOT have dedicated vehicle stalls next to them. Vendors need to utilize the nearby parking lot. There may be a limited number of spots available if you need your vehicle close to your booth. This must be requested and approved by the Market Manager in advance.

Free parking is available for all vendors and attendees. The price of parking will be covered, and you will not be ticketed on Market Days. If you intend to bring any form of trailer or oversized vehicle, arrangements need to be made in advance through the Market Manager.

Vendors are provided an empty street or grass space. You are responsible for bringing your own items for set-up including, but not limited to, tables, chairs, tents and necessary weights, signage, cash boxes, etc. The Market does NOT provide storage.

Tents MUST be properly weighted for the safety of all Market attendees (especially in inclement weather).

Vendors are responsible for cleaning their own area before leaving. Trash, including produce debris and food items, must be disposed after each Market.

Vendors are highly encouraged to prominently display a sign with their name and location (city or town). Growers/producers should list all prices at their booth.

By joining the East Campus Farmers Market, our expectation is that you participate in all three dates. PLEASE let us know if you are going to be absent - - this policy keeps our customers and guests informed of which vendors will be at the Market.

General Policies
It is the vendors’ responsibility to be familiar with the local, state and federal regulations, permits and licensing governing the products they sell. The notes and guidelines included in this document are included as a courtesy, but in the event of a conflict with state and federal rules and regulations, the state and federal regulations shall govern.

Vendors must grow/make their products within a 300-mile radius of the Market to be eligible to apply.

Vendors must apply in one of three categories. More information on these categories is provided in the attached “Category Descriptions & Permitted Product Information” sheet. Only one category of product is allowed per stall space. Categories are:

Only legal scales with state permit stickers are allowed at the Market. Vendors without legal scales must sell by the piece or per quantity. If you do not have a legal scale and wish to sell produce by weight, consider weighing and packaging items at home and selling 'by the bag' or 'by the package.'

Lancaster County Health Department
